(Circular for Class IV) Date: 19th May, 2015

Dear Parent

Our country has always been a home to people of many different culture and ethnic backgrounds. Meaningful multicultural education must go beyond saying that we’re a “melting pot,” having an ethnic food celebration a couple of times a year, and acknowledging a few well known historical figures. We currently live in a world where our knowledge about other cultures, languages, and traditions is extremely important to foster understanding and mutual respect for each other’s traditions and beliefs.

As a step towards better understanding of the diversity, we are conducting a costume party on Friday, 22nd May, 2015.

Please send your child in traditional dress of the state assigned to him/her; along with any dish/food item of that state.

Kind Regards
