Dear Parent

We have been repeatedly getting requests from parents to allow their children to use the school lift due to various valid medical reasons.

Kindly note that we would **not entertain** these requests and would urge you to allow the children to rest at home in case the child is hurt or finding it difficult to walk/climb stairs so that the child’s recovery is complete & the chances of his/her getting further hurt are minimised.

Kind Regards

Shalini Bajaj
Head of the School
