Dear Parent

We are in the process of streamlining our school bus routes in order to reduce the travel time of the students. We urge our parent community to support us as this change (details are mentioned below) will ensure that the students are picked up at a later time and dropped off earlier than the usual time. The time consumed in the to and fro journey will be reduced considerably and could be used constructively by the students.

Please make a note of the following:

1. Route No. 3 will pick up students residing in Towers A to G only and Route No. 30 will cater to students from Towers H to K.
2. The following four bus stops have been allotted for Route No. 3:
   a. Tower A
   b. Midpoint of Tower B & C
   c. Midpoint of Tower D & G
   d. Midpoint of Tower F & G
3. Similar, following two bus stops have been allotted for Route No. 30:
   a. Midpoint of Tower H & F
   b. Midpoint of Tower J & K
4. The parents are requested to be present at the specified stops 2-5 minutes prior to the pickup / drop time to avoid undue delay for the students of the subsequent stops.

Kindly note that as we have limited seating in school transport, the students of Route No. 3 will not be picked and dropped by Route No. 30 and vice versa.

Kind Regards

Shalini Bajaj
Head of the School
